CORE VALUE : RESPONSIBILITY

"Personal Responsibility - that means understanding that where you are and what you are doing is up to you. You can't blame it on your folks, or society, or anyone but you. You are responsible for making and reaching your goals. What you need to remember... is that [you] have to make decisions, take chances, and accept the results...A good leader, and a good Scout, takes responsibility for his actions." - Bob Mazzuca, Former Chief Scout Executive for BSA
