The Great Salt Lake Council's
2014 University of Scouting Guide
~ Seize The Day~

Welcome to the Great Salt Lake Council's 2014 edition of the University of Scouting. What a great way to start the New Year and the next 100 years of scouting in Utah! This is an exciting time to belong to the greatest youth movement in the world. I believe that trained leaders are more successful, safer, and have more fun. I hope that by seizing all you can from this day of training that your future scouting years will be filled with positive and rewarding experiences.

The University of Scouting started way back in 1937 in our great council. The staff and I recognize and appreciate the wonderful efforts of so many in the past and hope that this day of training will carry on this inspired tradition of getting new training and ideas, refreshing old information, helping you to stay informed, and giving you the opportunity of meeting and making new scouting friends from across the council. We hope this day will enhance your Scouting experience, make your Scouting job easier, and give you the confidence to carry on and be more successful.

If the day isn't one of the finest training experiences you have ever had, we want to hear what you think. And if the day lights or rekindles the fire of scouting spirit within you, we want to hear about that too. Each year the leadership of the University reviews the participant and faculty evaluations of the preceding year in an effort to make the University of Scouting more relevant and user friendly. Your input is needed, valued, and appreciated.

Thank you for choosing to dedicate this day to improving yourself as an adult Scout leader. I hope you will "seize the day" and make the most of it in learning, experiencing, networking, sharing, asking questions, and gaining new ideas.

Patch Henderson
2014 Chair
University of Scouting
Great Salt Lake Council

Schedule
January 11, 2014

7:00a	Doors open. Registration begins. Midway open
7:30a	Optional Morning Class Block (for Master and Doctorate Candidates)

1:00p	Fourth Class Block
2:00p	Fifth Class Block
3:00p	Events ends. Evaluations traded for event patches.

Patch Program

We have been allowed to provide different 5 council shoulder patches again this year.
Patches are awarded at the end of the day in exchange for your event evaluation. We need your feedback!
Additional patches may be purchased for prior levels of attainment.

The theme for the degree patches is "Scouting Legends & Traditions"
Degree patch designs will remain the same at least through 2014.

Bachelor Patch–For attending one year, 5 class hours.
Installation of boy leadership. One of our finest traditions.

Master Patch–For attending two years, having completed the Bachelor Patch, and taken an additional 5 class hours including the **Doctorate Preparation course**, where you design three goals (or tickets) to accomplish over the next year. Doctorate Prep courses are available every instruction block. That's a "Baden-Powell Butterfly" there! Legendary mastery of his craft. If you don't know, *you should ask!*

Doctorate Patch –For attending at least 3years, having completed the Master Patch, 5 additional class hours, completing your doctorate prep goals, and reporting on them in the **Doctorate Review course**. Doctorate Review courses are during the first four (morning) blocks. If you are pre-registered, we will be able to recognize your accomplishment during the lunch program with an additional certificate.
The "Unknown Scout" – the very definition of legend
(2010-2012 dates dropped on this year's patch)

Alumni– For attending, but not completing a degree patch for the year. Also, a unique memento for attending 4+ years. Designs will change each year. Bingham Canyon Mine, Salt Lake County. Last year was Antelope Island, Davis County. 2010 was Twin Lakes, Summit County.
Each year will depict a different location in our council.

Staff – For serving on the U of S Staff , design will change slightly each year.
"Green Bar" Bill was a legendary BSA Trainer

(Illustrated designs may not be final versions)
