GREAT SALT LAKE COUNCIL BOY SCOUTS of AMERICA

WINTER CAMP ADVENTURE AT CAMP TRACY

Welcome to Tracy Winter Camp! We are glad you are here and hope you have a great time! If you have any questions or concerns, please visit with any of our staff members. If you have a medical emergency, please tell the nearest staff member and go to the First Aid station at the Trading Post in the Lodge. We appreciate your support of Scouting and its principles.

General Information

1. **Each participant should bring a BSA medical history (Parts A & C) to camp.**
2. **Each troop should bring and turn in a completed troop roster.**
3. **A trading post with snacks and souvenirs are available in Tracy Lodge.**
4. **You must bring your own tubes.**

Winter Camp Safety Rules

1. **Ensure that all participants are appropriately prepared for the weather. Temperatures at Camp Tracy can fall below 0°F overnight.**

2. **Please consult the Council Tubing Hill policy for approved tubing devices before coming to Winter Camp.**

3. **Tubing is only allowed on the Tubing Hill. Tubing in other locations can result in serious injury.**

4. **While Taylor Lake typically freezes over in the winter, Scouts should be aware that the inlet and outlet of the lake do not freeze and should stay clear of these areas.**

Program

The **Cross Country Ski & Snow Shoe Excursions** take place at the Tracy Summer Camp Trading Post Friday night and Saturday morning. . .

> These excursions are lead by Tracy Winter Camp staff members for Scouts to experience Cross Country Skiing and Snow Shoeing in the Millcreek area on Camp Tracy property.

Wood Carving Merit Badge is taught in the Tracy Lodge in front of the fireplace on Saturday Morning at nine or upon request. Wood Carving is open both Friday and Saturday in order to complete the projects for merit badge.

Leather Work Merit Badge is taught in the Tracy Lodge in Room #1. Depending on the number of Scouts, the merit badge takes about a ½ hour. It can be completed in one session, either on Friday night or Saturday morning.

The **Rifle Range** is at the east end of camp, past the swimming pool (Shooting of 22 caliber rifles) on Friday night and Saturday morning.

The **Art** Merit Badge is taught on the Main Floor of the Lodge on Friday night or Saturday morning. Supplies can be bought at the Trading Post to complete this Merit Badge kits from $2-$20. dollars.

Building of **Model Rockets** is available upstairs in the Lodge Room # 3. **Rockets must be built on Friday night for the glue to dry so the rockets can be launched on Saturday morning.** Please note that we cannot guarantee that the rockets launched will be recovered. Additional cost to purchase rocket kit and engine.

An **air compressor** for the inflation of tubes is on the outside stairwell, on the east side of the Lodge. See the Trading Post for an air adapter for snow thunder tubes or a tool to remove tube air valves.

The **First Aid Station** and **Lost & Found** are in the office at the Lodge.
