IDEAS

- **Blue and Gold Banquet**
- **Musical Pack** - Make homemade instruments and put on a concert.
- **Story Time-** Make up a cumulative story. One person starts a storyline, and then the next has to add to it, then the next and so on. The zanier the plot, the more fun!
- **Genius Activity-** Break the group up into smaller groups. Give each group a paper bag with a variety of things inside to make a toy or something useful. Give them a time limit and encourage them to work together. When the time is up, have each group send a presenter forward to explain and show off their resourceful creation.
