

Adult Membership Inventory Worksheet - Combined Venture Crews

1. Use one column for each Crew (or Ward) being combined. The Institutional Head (IH) must be unique for each Crew (or Ward), as should the Charter Organization Representative (CR or COR) for each Crew (or Ward). The remaining positions should have the same persons name across all columns being used. Enter an "X" in the Paid column of the leaders home Crew (or Ward), indicating 1) where payment will be credited, and 2) what Crew (or Ward) has responsibility for getting an application from that person (if needed). Where ever the same person's name appears without the "X", that Crew (or Ward) will register that person as a "Duplicate or Multiple Registration", and no fee will be required. If a Crew (or Ward) registers a new leader with an application, a photocopy of the original application page and the "Acknowledgment & Authorization" page should accompany the other Crew charters.

All combining Crews should have a copy of this finished worksheet for reference in Rechartering!

2. Print names neatly in all boxes that apply. Use first and last names. Please don't use ditto signs, "same", partial names, initials, or dashes indicating repetition. This worksheet helps determine how much your Stake will pay for registration and it must be legible to others.
